

How to Care for your Nifty Nappy Fitted Diapers and Inserts

Congratulations on your purchase of Nifty Nappy fitted diapers and inserts! These are the best fitted diapers on the market, and you will fall in love with them. We have!

Only cloth diaper safe laundry detergents, such as Claudia's Choices or Rocking Green laundry soap can be used on Nifty Nappy products.

Before first use:

You will need to wash and dry your fitted diapers and inserts four to five times before using. This will wash out the natural hemp and bamboo oils and give your diapers maximum absorbency. The more you wash, the better they work!

How to wash:

1. Cold rinse and spin cycle to wash out any icky stuff. This will help prevent stains.
2. Wash in hot water with cloth diaper safe detergent and a few drops of tea tree oil (optional).
3. Hang to dry in the sun or dry them in the dryer. Do not use fabric softener/dryer sheets on your diapers.
4. If you develop detergent build up over time, just wash your diapers as above and run an extra wash cycle or two with no detergent to strip them.
